Welcome to Linfield College. The start of this Wildcat Football Camp provides an opportunity to reinforce our policies and heightened requirements for civility among all members of our community.

Linfield College is committed to providing an environment that is safe for its students, for its employees, and for everyone who is on our campus.

It is the policy of Linfield College that no member of the College community shall engage in any form of harassment or sexual misconduct against another member of the College or larger community, and that should this occur, the College will, to the extent it is able, support the victim and pursue sanctions against the perpetrator.

Therefore, this is a reminder that if you witness or become aware of any incident of sexual misconduct, whether sexual harassment; abuse, sexual and otherwise; unwanted sexual activity; or illegal activity, such as child abuse or child pornography; both as a matter of law, and in fulfilling our obligations to each other as members of a community, we must take immediate action to stop the misconduct, prevent its recurrence, and address its effects.

The College requires high school teams to bring their own coaches to camp, who are responsible for the supervision of their student athletes during the camp and in the residence halls, and are responsible for reporting any wrong-doing. The College also requires at least one chaperone on each residence hall floor the team occupies, plus at least one adult in each residence hall as a supervisor.

If you see, hear about or know about possible child abuse on our campus, please immediately contact CPS at (503) 883-7233, or dial 911. Each of our administrators, staff and faculty are required, by law, to report any type of abuse involving a minor to law enforcement, a responsibility we take most seriously. These individuals will also immediately contact CPS. What is essential is to report the abuse immediately. Nothing is more important than the health and safety of all members of the community and visitors to our campus, particularly children.
