

**ANTH 326 Archaeological Field Methods**

Join Drs. Cameron Smith and Florencio Delgado in Archaeology of Coastal Ecuador; Submarine Archaeology. This is an intensive, five-credit archaeological field school that will teach students how to scientifically and professionally identify, document, and collect samples from archaeological sites found during field survey. Survey will be both on land and in nearshore ocean water, using SCUBA equipment and techniques. In both land and SCUBA surveys the class will cover the essentials of: archaeology of Western Ecuador, archaeological landscapes, site formation processes, identifying artifacts, such as stone tools and pottery, documenting artifacts and sites in the field, and collecting samples.

Students will learn skills critical to field archaeology worldwide. Field skills will include mapping with GPS, map and compass, cleaning, drawing and describing stratigraphic profiles, use of augers and shovels in limited subsurface testing, the use of screen to recover artifacts, packaging and handling of artifacts for transportation to the laboratory, field photography and sketch-mapping, and the collection of radiocarbon and other samples. Fee does not include any travel costs. Students are responsible for all expenses. 5 credits.

**ENVS 302 Shoreline Ecology**

Dr. Ned Knight will introduce you to different types of coastal environments and to some of the organisms found in each. One weekend on campus, five days in Newport. Lodging and meals are not included in fee. 3 credits. *NW*

**ENVS 303 Human Ecosystems**

Dr. Ned Knight will provide an introduction to the natural history of different environments along the Oregon coast, using the area around Astoria as a laboratory. One weekend on campus, five days in Astoria. Lodging and meals are not included in fee. 3 credits. *NW, IS*

**ENVS 306 Fire History of the Cascades**

Dr. Peter Schoonmaker is the instructor. Study the science and politics guiding national fire policy using as a case study the 92,000 acre B&B Complex Fire that burned in the Deschutes and Willamette National Forests in the summer of 2003. Class time will be spent in field work and consultation with USFS staff. Accommodations will be at Monkey Face Ranch, overlooking the Crooked River and Smith Rock State Park. Students must be prepared for long strenuous days. Six days at Monkey Face Ranch. Fee includes lodging and transportation. Additional information available at <http://cascadefire.wordpress.com/> 3 credits. *NW*

**HHPA 088 Backpacking**

Weekend backpack in the Oregon Cascades. Fee includes travel, food and permits. 2 credits.

**Registered Nurses with an Associate Degree in Nursing:**

As an RN with an unencumbered license, prior success in college courses where you have maintained a 2.75 or higher grade point average, and a letter from your supervisor, it's easy for you to get started in the Online RN to BSN program at Linfield. Call toll free 800-452-4176 to get started or go online to [www.linfield.edu/dce](http://www.linfield.edu/dce) for application information.

**RN TO BSN PROGRAM**

RNs joining the Fall cohort are invited to the RN-BSN Orientation on the Portland Campus, 9/9/11 from 9AM - 1PM (morning refreshments at 8:30AM). Attendance is not required but is encouraged. Please email your name and address to [dce@linfield.edu](mailto:dce@linfield.edu) if you plan to attend the Orientation, and the schedule with directions will be sent to you.
