Overview

One faculty supervises 7 to 8 students.

- No AM/PM care, no meds, no treatments (these students are not in N106, Nursing Fundamentals), but they will pitch in to help
- Students are learning how to do a client history and physical
- Need residents able to give their history; cannot be a confused or non-verbal client
- Can gather history during feeding
- Students are beginning juniors, very slow
- Orient first half of day one, could include staff to discuss LTC
- Prefer SNF but not necessary
- Supervising faculty will call re orientation, etc.
- Faculty will provide student contact info and orientation
