

**Linfield-Good Samaritan School of Nursing  
Office of Enrollment Services**

## **LANE COMMUNITY COLLEGE PREREQUISITE GUIDE FOR NURSING**

Admission to Linfield-Good Samaritan School of Nursing is competitive. The goal of the admission selection process is to form a community of learners with the potential to succeed in a rigorous academic program and develop essential skills required for nursing practice. Meeting the minimum requirements below do not guarantee admission. They are the minimum to be considered for admission.

### Prerequisite course completion requirements:

- A minimum of 11 semester credits (16 quarter credits) in the lab sciences (biology/chemistry, anatomy & physiology, microbiology) and *all other* prerequisite courses must be complete (not in progress) at the time of application for admission consideration.
- Anatomy & physiology, microbiology, and nutrition must be completed within 7 years of the application due date.

### Grade Point Average (GPA) requirements:

- Minimum 3.000 GPA in all prerequisite courses.
- Minimum 3.000 GPA in prerequisite science courses (biology or chemistry, anatomy & physiology, microbiology).
- Minimum 2.700 GPA in prerequisite anatomy & physiology courses. Only one repeated grade for any anatomy or physiology course will be used in the calculation of the minimum GPA requirements. In the case where a student has more than one repeat on a single course, only the grade from the first repeated course will be used. A "W" or withdrawal from either an anatomy or physiology course will be counted as an attempt under this rule.
- All GPA requirements are calculated on prerequisite courses complete at the time of application and must be maintained through the completion of all prerequisite coursework.
- A letter grade of "C" or higher is required. Any coursework graded C- or below, P/NP, or S/U, does not meet prerequisite requirements and will not transfer to Linfield.

### Total credits:

Students must have 62 semester credits (93 quarter credits) of *transferable* coursework complete prior to beginning the program. Courses may be completed at any *regionally* accredited community college or university. Official evaluation of all transfer credit will be made *after* admission and confirmation into the program. Please be aware that, generally, professional/technical courses will not transfer. Repeated courses (that is, courses with the same content) will only transfer once. Students who have questions about the transferability of any coursework should contact [admission-portland@linfield.edu](mailto:admission-portland@linfield.edu).

Linfield Curriculum (General Education):

Students seeking their first bachelor's degree must also complete Linfield Curriculum (general education) requirements prior to graduation. These may be completed during the nursing program, but *it is recommended that the majority of these courses be completed prior to enrollment*. The prerequisite courses below will satisfy many of the general education requirements, but five areas—Creative Studies (CS), Ultimate Questions (UQ), Vital Past (VP), U.S. Pluralisms (US) and Global Pluralisms (GP)—generally require an additional 3 semester-credit or 4 quarter-credit course.

Lane Community College students intending to transfer to Linfield's nursing program must complete the following coursework:

**Writing.** Complete two of the following:

WR 121 or 121\_H, 122 or 122\_H, 123

**Biology (preferred) and/or chemistry with lab.** Complete one of the following sequences:

BI 101 or 101F or 101J or 101K, 102 or 102D or 102G, 103 or 103E or 103K or 103L or 103M

BI 101\_H, 102\_H, 103\_H

BI 112 and CH 104, 106

BI 112 and two of the following: CH 221, 222, 223

BI 211, 212 and one of the following: CH 104, 112, 221, 222, 223

CH 221, 222, 223

CH 104 and two of the following: BI 101 or 101F or 101J or 101K, 102 or 102D or 102G, 103 or 103E or 103K or 103L or 103M

CH 104 and two of the following: BI 101\_H, 102\_H, 103\_H

CH 112 and two of the following: BI 101 or 101F or 101J or 101K, 102 or 102D or 102G, 103 or 103E or 103K or 103L or 103M

CH 112 and two of the following: BI 101\_H, 102\_H, 103\_H

**Anatomy and physiology with lab.** Complete all three of the following:

BI 231, 232, 233

**Microbiology with lab.** Complete the following:

BI 234

**Nutrition.** Complete one of the following:

FN 225 or 240

**Lifespan developmental psychology.** Complete the following:

PSY 215

**Statistics.** Complete the following:

MATH 243

15 May 2018 (Subject to change without notice)
