

## LINFIELD STUDY ABROAD COURSE APPROVAL

Linfield College is under no obligation to use study abroad coursework to fill any specific requirement unless the course has been pre-approved to be used as such. However, even with pre-approval, study abroad course cannot be used to fill specific requirements if doing so would violate any Linfield College rule or policy. For example, a History course may be approved to fill the VP requirement, but if the student wants to use two other History classes to fill LC's then a third History course would not be allowed.
