Oregon Wine History Archive
Collection Donations

What to save?
Collections don't need to be "old," nor do they need to be famous. An archival collection works to document your whole story.

Do you need to organize your stuff first?
No, because the research value of records may be diminished if items are removed or rearranged. Archivists are experts in organization and will do it for you!

What types of materials should be in a collection?

Documents
- Legal/business documents
- Newsletters
- Correspondence
- Minutes
- Reports

Notebooks
- Records
- Diaries
- Journals
- Notes

Promotional
- Media Coverage
