Preface

The Student-Athlete Handbook provides student-athletes and prospective student-athletes with the rules, regulations, and requirements of the NCAA, NWC and Linfield College.

The Student-Athlete Handbook is formulated by the Athletic Director and Student-Athlete Advisory Committee (SAAC) in conjunction with faculty and coaches and complies with the Linfield College Intercollegiate Athletics Policies and Procedures Manual.

This Handbook will be subject to an annual review by SAAC under the supervision of the Athletic Director and will be published in August of each calendar year.

Mission Statement

The Linfield College Intercollegiate Athletics program strives for regional and national excellence in athletics while maintaining a high standard of academic excellence among all student-athletes. It is our goal to provide equal opportunities for participation in intercollegiate athletics for both men and women while fostering the educational achievement of our student-athletes and the academic integrity of Linfield College.

The Intercollegiate Athletics Program at Linfield has a rich tradition of competition and achievement. Many of our student-athletes have achieved recognition for excellence in their respective sports. Linfield has won team national championships in football, baseball and softball. Individual or event national championships have also been won in swimming and track and field.

We currently offer sports for men in baseball, basketball, football, soccer, swimming, track and field, cross country, tennis and golf. Women’s sports include basketball, volleyball, soccer, swimming, lacrosse, softball, track and field, cross country, tennis and golf.

We are especially proud of our academic success of our student-athletes. The comprehensive advising efforts of coaches and staff produce consistently high graduation rates.

The operation of Intercollegiate Athletics is centralized in the Health, Human Performance and Athletics (HHPA) Complex, which contain classrooms and offices.

The Intercollegiate Athletics Program, as an integral part of Linfield College, considers its mission to:

1. Emphasize to all student-athletes the importance of a college education.
2. Ensure steady progress toward graduation by counseling each student-athlete yearly on this subject.
3. Emphasize honesty and fair play in athletic competition.
4. Demand acceptable behavior both on and off the playing field.
5. Encourage student-athletes to apply these principles in all aspects of their lives.
Purpose & Philosophy of the Intercollegiate Athletics Program

Our major goal is to establish and maintain an Intercollegiate Athletics Program for students at Linfield College and to serve the best interests of the college based upon high standards of scholarship and sportsmanship. The program strives to assist individuals in attaining intellectual, social, physical and athletic excellence.

Coaches and staff must perform their responsibilities with integrity and model proper conduct at all times. Student-athletes, coaches and staff must uphold the principle of fair play and follow a code of ethics associated with wholesome, competitive sports consistent with the mission and values of Linfield College.

Team Image

1. Student-athletes reflect the coach and the college they represent. They should be well behaved, appear neat, maintain good attitudes, work hard, refrain from swearing and respect others. Coaches may ask student-athletes to comply with team-oriented appearance guidelines as a part of the image they want represented in their specific programs.

2. Communication with officials or opponents is to be done respectfully and tastefully. Rude gestures and taunting are not to be tolerated.

3. Student-athletes with marginal or negative attitudes can ruin team morale. They may need to be dismissed from the team if they cannot contribute to the primary goals of the program.

4. Though a student-athlete’s season may be completed or eligibility exhausted, they are still associated with and viewed as a student-athlete of their specific sport. Improper conduct outside the sport season can be detrimental to Linfield Athletics and the College as an institution.

Code of Conduct and Sportsmanship

Linfield College and the Department of Athletics requires all student-athletes, coaches, trainers and staff to conduct themselves in a manner which creates a positive image of the people, values and traditions associated with the College and the department.

Student-athletes are subject to the provisions of the Linfield College Intercollegiate Athletics Policy and Procedures Manual, Linfield Student Handbook, the Student-Athlete Handbook and all disciplinary procedures that apply to all students at Linfield College. Further, all student-athletes are subject to the rules and regulations of NCAA Division III covering unethical or unsportsmanlike behavior and other specified misconduct.

Student-athlete behavior reflects on themselves, their team, the coach, the athletic department, the administration and anyone who has ever been or will be a student-athlete at Linfield College. With this in mind, it is extremely important that all athletic representatives of the college recognize the importance of their responsibility for good conduct and sportsmanship both on and off the competition venues.

Negative representation brought forth on publicly accessed websites will not be tolerated and will be dealt with as a violation of the athletic Code of Conduct.

In addition, student-athletes will be expected to adhere to all team rules set forth by their coaches. If a problem arises it is expected that the student-athlete will address the issue with the coach directly. The student-athlete should address questions regarding participation or status on a team with their respective head coach. Parent involvement is not expected unless they feel the safety of the student-athlete is an issue. Please take time to address this issue with your parents.
Social Networking Policy

Student-athletes participating in intercollegiate athletics at Linfield College are representatives of the college and are always in the public eye, including on the Internet. The Code of Conduct extends to online activities and therefore student-athletes should keep the following guidelines in mind as they participate on social networking websites:

1. Understand that anything posted online is available to anyone in the world, even if he or she restricts access to his or her site or profile.
2. Student-athletes should not post information, photos or other items that could embarrass themselves, their team, the athletic department or Linfield College.
3. Coaches and athletic department administrators can and do monitor these websites.
4. Student-athletes could face discipline and even dismissal for violation of team policies, athletic department policies and/or the NCAA and NWC.

Hazing

The Intercollegiate Athletics Program will not tolerate hazing. State law prohibits hazing and violations may result in a personal fine of up to $1,000 to the coach and/or player(s) involved. Other criminal charges, such as assault, may be filed.

Disciplining of Student-Athletes

The head coaches of each sport are responsible for monitoring the actions of their team members. Discipline of student-athletes is the responsibility of the head coach in consultation with the athletic director or appropriate assistant director. Student-athletes may be removed from their teams for conduct detrimental to their teams or the college.

1. Any disciplinary action by a coach restricting a team member from practice or competition shall be reported in writing to the athletic director within 24 hours.
2. Possible suspension or dismissal of any team member by a coach is to be discussed with the athletic director prior to disciplinary action being taken. Reasons for dismissal or suspension must be adequately documented and reported in writing to the athletic director.
3. No statement will be given to the news media concerning the disciplining of any team member before being cleared with the athletic director. If a statement is necessary, it will be released through the sports information director.

Institutional Probation

All student-athletes who are placed on disciplinary probation by the institution will have a mandatory meeting with the athletic director and sport coach to develop a plan of assistance and/or disciplinary actions if it is deemed necessary.
Substance Abuse (Alcohol, Drugs, Tobacco)

The Intercollegiate Athletics Program at Linfield insists that in order to participate at peak performance levels in academics and athletics, individuals must abstain from the misuse of any mood-modifying drugs. Use of these drugs has been shown to have negative effects, both physiologically and psychologically. Because the psychological and social reasons for misusing mood-modifying drugs are magnified in the college setting, student-athletes should abstain from their use and thereby serve as role models for the general student population. Participation in intercollegiate athletics is a privilege and may be forfeited by a violation of this policy. All Linfield students are also subject to policies on drug abuse set forth in the student handbook. All student-athletes must comply with NCAA regulations regarding banned supplements and medications. If a student-athlete has any questions regarding these substances, he or she can obtain information from any of Linfield’s Certified Athletic Trainers.

The following policies and sanctions apply to all students participating in intercollegiate athletics:

1. In the interest of the personal health and safety of student-athletes competing for Linfield College in its Intercollegiate Athletics Program, and in the interest of fair and sporting competition, the Program does not condone substance abuse or illegal use by student-athletes, nor does it endorse or permit the use of illegal performance affecting substances.

2. The Program bans the use of tobacco by student-athletes from all practices and competitions, as well as within its buildings and associated playing facilities. It further bans the use of alcohol during the student-athlete’s sports season.

When these rules are violated, disciplinary action will be meted out according to the following guidelines:

1. **During the sport season:**

   Any student-athlete using alcohol, smoking, misusing drugs or using smokeless tobacco will be in violation of Linfield Athletics training policies. The person(s) involved will be suspended from the team until a hearing is conducted with the student-athlete, head coach and the athletic director, with the provision for appeal depending on the nature of the abuse and extenuating circumstances. A written report will be filed with the athletic director by the head coach of the student-athlete in question. Disciplinary action will include one or more of the following measures after a meeting of the student-athlete’s head coach and the athletic director has taken place:

   A. Warning
   B. Probation
   C. Missing 10-20 percent of scheduled athletic competitions
   D. Requirement of an evaluation by a certified professional, and follow-up treatment as prescribed
   E. Requirement to complete an educational activity
   F. Requirement to participate in other special educational programming
   G. Separation from the team

2. **Outside the sport season:**

   Any student-athlete abusing alcohol or using banned drugs will be subject to disciplinary action. This action will include one or more of the following measures after a meeting of the student-athlete’s head coach and the athletic director has taken place:

   A. Warning
   B. Probation (through the next season of participation)
   C. Possible suspension to be administered during the subsequent competition season
   D. Community service in drug, alcohol or tobacco awareness
   E. Requirement to complete an educational workshop
   F. Requirement of an evaluation by a certified professional, and follow-up treatment as prescribed
   G. Separation from the team (for the next season of competition)
Random Drug Testing

All student-athletes participating are subject to institutional random drug testing for banned substances. If a student-athlete is asked to participate in drug testing and refuses, he or she will be suspended from all participation for 30-45 days. After 30-45 days, to return to participation status the student-athlete will be required to take a drug test with negative results.

If the result of an institutional drug test is positive, the student-athlete will be suspended for 30-45 days from the date of the test. After 30-45 days of suspension, the student-athlete will be required to take a second test. If the second test is positive, the student-athlete will be suspended for 365 calendar days from the date of the test.

Treatment of Student-Athletes Charged with Criminal Conduct

Upon being formally charged by a district attorney’s office, or the public prosecuting agency of any state, with a crime of shoplifting, class A or B misdemeanor or felony, the following action will be taken by the Intercollegiate Athletic Program:

1. Upon being formally charged, the student-athlete will immediately be placed on athletic probation and suspended from the team until the matter has been reviewed by the athletic director and the student-athlete’s sport coach(s). The purpose of this suspension is to enable the student-athlete to devote time and energy to resolve the criminal matter at hand, continue academic progress and allow school officials to determine an appropriate course of action. The athletic director in consultation with the sport coach(s) will determine whether any level of suspension will be continued or if participation will be allowed while the student is on athletic probation. Whether suspension occurs during the season or outside of the season, student-athletes shall not be permitted to practice or meet on a formal basis with their team without authorization from the athletic director. The coach and student-athlete may meet at any time in an effort to assist in resolution of the problem.

2. The student-athlete will remain on athletic probation from the team in question, or any other intercollegiate athletic team at Linfield, until the matter has been fully resolved.

3. If the student-athlete is found guilty, or pleads guilty, to shoplifting or any class A or B misdemeanor or felony, the student-athlete may be dismissed from the team for the remainder of the season. If the incident occurs out of season the athletic director, after consultation with college officials, will determine whether the student-athlete will be allowed to participate in their next sport season. If the matter results in something less than a guilty verdict by a court or jury, then the head coach and athletic director will decide on the student-athlete’s status and relation to the Intercollegiate Athletic Program.
Student-athletes attend Linfield College to acquire a strong education and to attain degrees in their chosen fields. We therefore recruit student-athletes who demonstrate high ideals in educational and athletic goals. We subscribe to the academic requirements of Linfield College, NCAA and NWC. Academic standards and requirements for student-athletes will be consistent with those standards described in the Linfield College Course Catalog.

Academic Eligibility for Participation and Competition in Intercollegiate Athletics:

- **Full-Time Status**
  A student-athlete must be enrolled in at least 12 credit hours of academic course work during the semester(s) to participate in intercollegiate athletics at Linfield College. However, a student-athlete may enroll for less than 12 credit hours during the semester in which athletic participation occurs if the semester is their final semester before graduation at Linfield College and if the academic course work leads to completion of degree requirements.

- **Seasons of Participation and Maximum Terms of Attendance**
  Student-athletes may participate in a maximum of 4 seasons of competition in any one sport. Additionally, each student-athlete will complete their seasons of participation during the first 10 terms (semesters) in which the SA is enrolled in a collegiate institution for at least a minimum full-time program of study, as determined by the regulations of Linfield College.

- **Satisfactory Progress**
  Each student-athlete must demonstrate adequate progress toward earning his or her academic degree at Linfield College. Accordingly, student-athletes must earn a minimum number of credit hours given the number of seasons of competition, including the current season, completed at all colleges or universities attended. The satisfactory progress requirements appear in the table below. Satisfactory credits will be rounded up to the next whole number if .5 or above.

<table>
<thead>
<tr>

</tr>
<tr>
<td>4</td>
<td>72</td>
</tr>
</tbody>
</table>

Student-athletes that transfer to Linfield College may receive credit for course work completed at other accredited colleges or universities per the Transfer Credit policies outlined in the Linfield College Course Catalog. Transfer Credit may be granted if the courses are comparable to courses listed in the Linfield College Course Catalog, numbered 100 level or higher and the grade earned is C or higher (i.e., no transfer credit will occur for grades earned of C- or lower). Transfer student-athletes will be held to the same standards for demonstrating Satisfactory Progress toward a degree at Linfield College as non-transfer student-athletes.

- **Academic Standing**
  Academic standing is monitored at the end of each semester/term* by the Registrar, who notifies the student and academic advisor when the student’s performance is found to be unsatisfactory. Students who are not on probation or suspension are considered to be in *Good Academic Standing* and on track to meet the minimum graduation requirement of a 2.000 cumulative Grade Point Average (GPA)**
• **Academic Warning**  
Used to express concern to students that a possible problem is developing:

a) Students are placed on Academic Warning if *cumulative* GPA is at least 2.000 and their *semester* GPA falls below a 2.000 (but above a 1.000).
b) Students on Academic Warning will be placed on *probation* if they are not removed from academic warning at the end of their next semester.
c) Students will be removed from Academic Warning if their *semester* and *cumulative* GPA are at least 2.000.

• **Academic Probation**  
Used to indicate to students that a problem exists. Students are placed on probation if their:

a) Cumulative GPA is below 2.000 at the end of any term or semester  
b) Semester GPA is below 1.000 at the end of any semester, and/or  
c) Semester GPA is below 2.000 for last *two consecutive semesters*.

Students on academic probation are ineligible to participate in Varsity Athletics (including practices and competition), Student Government, Greek Life, and other curricular and co-curricular activities with a minimum 2.0 GPA requirement. Students on probation will be suspended if they have not been removed from probation at the end of their next semester or within their next 12 credits, if they are part-time.

• **Removal from Probation**  
A student will be removed from probation if and when they remedy the unsatisfactory academic performance that led to the probation:

a) *Cumulative GPA fell below 2.000:* A student whose *cumulative* GPA is at least 2.000 at the end of the next term or semester (or within their next 12 credits if they are part-time students) will be removed from probation. Students who are removed from probation after January or summer term will be placed on Academic Warning if their most recent semester was below 2.000.
b) Semester GPA is below 1.000: A student whose semester GPA is above 1.000 the semester after which they have been placed on probation will be removed from probation, unless they violate one of the other two conditions for probation articulated in the section above.
c) *Semester GPA below 2.000 for their previous two consecutive semesters:* A student whose *semester* GPA was below 2.000 for their previous two consecutive semesters* will be removed from probation if the both the *semester* and *cumulative* GPA are at least 2.000.

• **Academic Suspension**  
Suspended students are ineligible to enroll at Linfield College for at a minimum one semester* for all Linfield Students. Students are academically suspended if:

a) Their semester GPA falls below 0.500 in their first semester at Linfield, or  
b) They remain on Academic Probation after one semester.

• **Returning after Academic Suspension**  
A student on Academic Suspension must meet the following conditions to be considered for reinstatement:

- Demonstrate academic success by earning at least a 2.500 GPA with full-time enrollment at another regionally accredited college, or within their next 12 transferable credits (as verified by the Registrar) if the student is part-time.
- An official transcript of all coursework completed elsewhere during the time of absence from Linfield College.

Students who have been approved for reinstatement will be reinstated on Probation.
• **Academic Suspension Appeals**
  If there are extenuating circumstances surrounding the student’s poor academic performance, he or she may appeal to the Student Policies Committee for a review of Academic Suspension. Appeals should be submitted in writing to the Registrar. The appeal should include:

  • Personal assessment of the underlying reasons for poor academic performance.

  • An explanation of how the student intends to overcome the difficulty, along with a proposed academic plan.

  • Any relevant documentation (note: health care related documentation should be sent to the Director of Health, Wellness, and Counseling).

  • In addition to the appeal letter, students may ask that any Linfield College faculty member or administrator submit a letter of support on their behalf. Letters will not be accepted from family members or friends.

  Appeals for students who have been suspended at the end of Fall semester will not be able to appeal in time to enroll the subsequent January Term.

**Notes**

*January term is not considered a semester and therefore does not qualify in the calculation of semester GPA. Summer terms are treated as semesters and therefore qualify in the calculation of semester GPA for: a) all Online and Continuing Education (OCE) students b) Portland Campus students with full-time summer enrollment as a required part of their program, c) Portland Campus and McMinnville Campus students for whom summer is not part of their program only when enrolled in a full-time load of 12 credits.*

**For all Linfield students, only grades earned at Linfield College affect GPA calculations used for academic standing. Grades for all semesters/terms are calculated in *cumulative* GPA.*

Medical Issues

General
The formal medical care of intercollegiate student-athletes at Linfield College will be the responsibility of the team physician(s) designated by the College, in conjunction with the athletic training staff.

Only the team physicians or athletic training personnel may be involved in the medical care of intercollegiate student-athletes on the Linfield College campus.

No health care provider, other than the team physicians or athletic training personnel, may be present in the Treatment Center, in the locker room or on the bench or sideline without the expressed consent of the team physician and/or athletic trainers.

The team physicians, in consultation with the student-athlete, athletic training personnel and coaching staff will make the final decision regarding an injured student-athlete’s return to participation in sports activity. If the team physician is unavailable, a certified athletic trainer will make this decision. Although the student-athlete may be involved in the decision-making process, the student-athlete does not determine his or her playing status medically.

When a student-athlete is formally referred to an off-campus health care provider other than the team physicians, the provider, as is the case of the team physicians, will provide written information to the referral source regarding the diagnosis, the plan of treatment, and the anticipated return to sport participation. This referral source should ordinarily be the head certified athletic trainer. Other health care providers are encouraged to communicate with the team physicians.

Insurance
Verification of adequate insurance coverage must be filed with our certified athletic trainers prior to the student-athlete’s first practice. Waiver forms and/or documentation of purchased insurance must be turned in to that office.

All student-athletes must have medical insurance coverage. The Linfield student health coverage does cover athletic injuries but the coverage is limited. (It covers 80 percent on surgical expenses with a $300 annual deductible if the doctor’s office accepts Regence insurance. Linfield’s team orthopedic does accept Regence insurance.) Student athletes need to evaluate their policy and make sure that its coverage satisfies the deductible of the college’s secondary coverage, which starts at $15,000.00. The college human resources office will help student-athletes handle this.

Coaches cannot permit any student-athlete to participate without insurance coverage.

Head coaches must submit a typed alphabetical sports roster to the human resources office prior to their respective sport seasons to ensure the health insurance coverage of all student-athletes.

Physical Evaluation Policy
All student-athletes must have either a pre-participation physical examination or health appraisal on file with the head certified athletic trainer before they will be permitted to participate in any practice and/or competition. Coaches are not allowed to permit any student-athlete without medical clearance to participate. The responsibility for attaining medical clearance for participation rests solely with the student-athlete.

The student-athlete must secure his or her own pre-participation physical examination from an M.D. or D.O. of his or her choice upon entrance to Linfield College’s Intercollegiate Athletics Program. Linfield College will provide the student-athlete with the pre-participation physical evaluation form. The student-athlete is financially responsible for the physical examination.

Subsequent to the initial medical examination, a health appraisal will be given annually by the athletic training staff. If any health problems are detected during the health appraisal, the student-athlete will be referred to an M.D. or D.O. for further evaluation and medical clearance. The student-athlete will be financially responsible for the medical evaluation.
The Student-Athlete Advisory Committee

The Student-Athlete Advisory Committee (SAAC) is a leadership organization consisting of representatives from each of Linfield’s varsity sport programs. Coaches are responsible for selecting their respective team representatives based on leadership and character qualities.

The primary purposes of SAAC are:

- To encourage communication between Linfield student-athletes and the athletic administration.
- To identify and address the needs and concerns of Linfield student-athletes.
- To promote and support Linfield athletics.
- To enhance the image of the Linfield student-athlete through campus engagement and community outreach.

Throughout the year, SAAC coordinates multiple community service, social and educational activities that benefit student-athletes, the general student population and the surrounding community. SAAC meetings are typically held twice per month.

Key 2015-16 SAAC Contacts

- Co-President: Maggie Harlow, Women’s Golf
- Co-President: Jake Smith, Men’s Soccer
- Secretary: Casie Gaza, Volleyball
- Marketing/Publicity Coordinator: Eric Lawson, Baseball
- Advisor: Katherine Brackmann, Assistant Director – External Relations/SAAC

SAAC Representatives

- Volleyball – Casie Gaza, Molly McTaggart
General Information

Travel

All traveling expenses are paid by Linfield College Athletics. Student-athletes choosing not to travel with their respective teams must sign a travel waiver form, which may obtained from their head coach (if head coach gives permission) or the athletic director prior to departure. Student-athletes who are 21 years of age or older may sign the form on their own behalf; those under the age of 21 require a parent/guardian signature.

Family Emergencies

In case of a family emergency, it is recommended to talk to your head coach first. The head coach will then seek help from the college resources. The College Chaplain (503-883-2259), Dean of Students (503-883-2253) and the College counseling services (503-883-2562) are always able to help students in a crisis.
